

Rep of the Month maureen gundaker

KOROSEAL

e: mgundaker@koroseal.com // www.koroseal.com

Q: What brought you to the industry?

A: I started working at ADAC in the 80's managing the Guilford Showroom and then went to Hugh Cochran Associates. Fun times at ADAC during the 80's!

Q: In front or behind the camera?

A: I like the behind the scenes helping the process but not the leader.

Q: Favorite Grocery Store?

A: Fresh Market, but I need to sell more wallcovering to shop there for everything. I am a Publix shopper!

Q: What do you want to be doing in 10 years?

A: I will be retired somewhere quiet and spending time with grandchildren my animals!

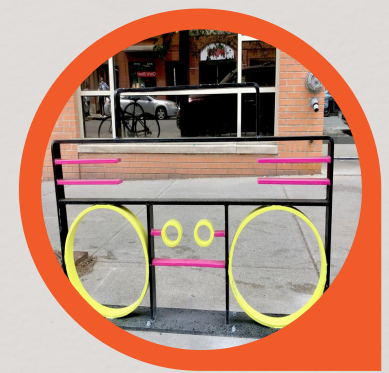

Seen Around Town

Ithaca Bike Rack Installations

Artful bike racks can make such a great statement to your building entrance. Downtown Ithaca has implemented several to beautify and diversify their city!

PRO TIPS

Tips and tricks from Industry Pros!

LEATHER

When showing leather to a client, always make sure to order multiple samples of the same item to show variation in the product.

FELT CLEANING

Cleaning Felt is a lot like other fabrics on the wall.

Use a little liquid as possible! Start by vacuuming and a medium-soft bristle brush. Progress forward in small steps. Introducing a store bought carpet and upholstery cleaner rather than warm soapy water, directly applied to the problem area.

Do not spread the liquid around. Use as little of it as possible and blot it dry.

Don't rub it in. Be sure to blot completely dry and turn the cloth often so as to not reintroduce whatever is causing the issue.

Always put any liquid and/or cleaner onto a clean towel first, not directly on the felt surface.
